Super Special on Radiesse

July Only Special

If you purchase two 1.5cc syringes of Radiesse at the regular price of \$650.00 each, you get a third 1.5cc syringe free! You don't have to use the third syringe at that time. You may save it for a later touchup. Radiesse is the sculpting filler that lifts the face and gives it the younger look that was lost. It lasts about a year.

Permanent Fillers

We have recently decreased the price on Artefill, a permanent filler for deep folds in the face. Dr. Alkek and Karen recently had this filler injected into themselves.

Pure, FDA- approved silicone is the best treatment for saucer-shaped scars and depressions and for enhancing and rejuvenating the lips. It is injected in micro-droplets over three or four sessions and is permanent. For July, there is a 10% discount for all silicone treatments.

Silk Peel Summer Special

AJ is having a Silk Peel special on Tuesdays and Thursdays this summer. Make your appointment for either of those days and get a Silk Peel for just \$100.00. That is a \$75.00 savings!

Skin Cancer Awareness

Now that you are exposing more of your skin, you should examine yourself. Do you have rough red or brown growths on your face, back of your hands, arms and legs? Get your moles checked and your keratoses treated. Do not put it off! They may become malignant.

Remember, after you spend more than 1500.00 in a year, in our office, on cosmetic procedures, you become a VIP member. VIP members receive 10% off any cosmetic procedure any time they want it. VIP members do not have to wait for the specials.

RevaléSkin Summer Sale

For the entire month of July, we are offering \$10.00 off on all **RevaléSkin** products. PLUS, when you purchase the Intensive Recovery, you get a free **RevaléSkin** Facial Cleanser. The Intensive Recovery has more of the potent antioxidant, coffeeberry, recommended by Dr. Oz on Oprah. Our patients love it.

The cleanser is a \$50.00 value and makes a GREAT gift!

Save \$10.00 on RevaléSkin Day, Night, Replenishing Eye Therapy, Intensive Recovery and Cleanser

Skin Cancers and Precancers

Summer is the time when you expose more of your skin to the sun. Protect it with hats, clothing, and sunscreens. Also look yourself over and let us check out anything you are suspicious of. For all our patients who have had skin cancers and keratosis, you should come in this summer, and get an exam and treat all those growths.

Office hours: Monday – Friday 9:00 – 4:00 with lunch hour appointments available
